

Cottage Weave

A MASTERPIECE FROM THE VAN DYCK COLLECTION

Cottage Weave

A MASTERPIECE FROM THE VAN DYCK COLLECTION

Maintenance

- Enhance the performance and appearance of your carpet by following these steps:
- Use quality Dirt Off walk off mats.
 - Vacuum thoroughly and frequently.
 - Remove spills and marks immediately.
 - General clean by a SETA Qualified Cleaner.

>> Helpful Hint

Whilst the light colours in the range are extremely attractive, they are high maintenance. They show soil quicker than darker colours and need frequent cleaning. We accept no liability on soiling, as this is maintenance related and not a manufacturing defect.

Bill of Quantities

Broadloom: Cottage Weave, 100% BCF Stain Shield, level loop pile by Van Dyck Carpets laid in accordance with the code of practice for the installation of textile floorcoverings SANS-10186.

Protective Finish	Stain Shield Fibre
Location Grade	Heavy Residential
Fibre Weight	500 gsm
Total Thickness	6 mm
Backing	POWERbac (Moisture-resistant and rot-proof)
Fire Rating	3
Width	3.66 m

Colour Variance

Care must be taken when ordering or installing carpeting in individual areas, as carpeting, like all textile products, is subject to shade variation between batches.

CAUTION:

Colour fastness to light: Dyes are selected for their performance and repeatability to commercial standards, but colours can fade when exposed to harsh, direct sunlight. Adequate precautions must be taken to protect the carpet against such exposure to prevent premature fading or damage.

Furniture

Place protectors or carpet off-cuts under furniture to prevent crushing of carpet pile and eventual damage to the backing. Rearrange furniture from time to time to allow pile to recover and change traffic paths. Use carpet protector mats for chairs with castor wheels.

Satisfaction

Due to dye lot variations and machine settings, actual material may vary from the sample. However this variation is kept within exacting standards as laid down by SANS 1375. Construction of some carpet may involve the occurrence of shift lines across the width of the carpet. Certain light sources shining across the surface may emphasise the effect of shadow lines. These are not a manufacturing defect and will not detract from the carpet's performance.

5 year guarantee
 This carpet is guaranteed by Van Dyck Carpets for a period of five years against any latent defect in the manufacturing process. Claims will be treated in accordance with the South African Carpet Manufacturers Standard Claims Policy. However, carpets must have been maintained and cleaned according to Van Dyck Carpets' written instructions.

Shield Rating
 The Shield Rating is a mark of prestige indicating the level of luxury of your carpet with 10 being the highest.

ISO Certification
 Van Dyck Carpets quality management system is certified to SABS 9001:2000. This is your assurance of our commitment to maintain the highest international quality standards.

Stain Shield Fibre
 Stain protection is an inherent feature of polypropylene fibre that provides the benefits of stain, damp and mould resistance. Where the Stain Shield fibre mark is present, consumers can remove stubborn stains using a mixture of 50 percent household bleach and water.

Torture Tunnel Tested
 Every carpet manufactured by Van Dyck Carpets undergoes this unique test during which it is subjected to 75 000 footfalls.

10 year warranty
 Van Dyck Carpets (Pty) Ltd offers a 10 year limited warranty against excessive fibre wear on this carpet.

Anti-allergenic
 Carpeting helps trap dust and irritants, which can cause allergies. These can then be removed by regular vacuuming.

ECO-LAY
 Van Dyck Carpets recommends the use of Eco Lay for all products where underlay is suitable.

MAY 2009

While every effort has been made to replicate colours in print, some slight variance may occur. Please refer to sample swatches for accurate colour references.
